

FIG. 1

FIG. 3

FIG. 2

FIG. 4

FIG. 5 is a cross-sectional view of the device 100, showing the internal components and the housing 36. The device 100 includes a top surface 72, a bottom surface 70, and a side surface 72. The internal components are shown in a cross-sectional view, revealing a central core 100 with a series of vertical channels or slots. The housing 36 is shown as a rectangular frame surrounding the internal components. The top surface 72 is shown with a series of horizontal lines, indicating a textured or layered structure. The bottom surface 70 is shown with a series of horizontal lines, indicating a textured or layered structure. The side surface 72 is shown with a series of horizontal lines, indicating a textured or layered structure. The internal components are shown in a cross-sectional view, revealing a central core 100 with a series of vertical channels or slots. The housing 36 is shown as a rectangular frame surrounding the internal components. The top surface 72 is shown with a series of horizontal lines, indicating a textured or layered structure. The bottom surface 70 is shown with a series of horizontal lines, indicating a textured or layered structure. The side surface 72 is shown with a series of horizontal lines, indicating a textured or layered structure.
